Coperion K-Tron Feeders

Smart Feeding Solutions

No two process applications are the same, and Coperion K-Tron offers the widest range of feeding solutions in the industry. From screw feeders to vibratory feeders, bulk solids pumps, weigh belts, liquid feeders and flow meters, all feeders are offered in a variety of configurations, which can be combined to create an optimal solution for any application.

AREAS OF APPLICATION

We offer highly accurate solutions for handling a wide range of ingredients. Paper or plastic? Food or pharmaceuticals? Whatever the industry, we supply the feeders at the core of your manufacturing process. Our feeders can be found wherever bulk materials are processed, for a wide variety of applications. From chocolate chips to fiberglass, floodable powders to plastic pellets and waxy liquids, Coperion K-Tron offers the right feeder for any material.

Most feeders are available in either standard finish or special finishes with higher polish levels and ground welds for applications in the food industry, for example. A special line of screw and vibratory feeders has been developed specifically for the strict hygiene requirements of applications in the pharmaceutical industry.
