Quick Change Feeder QC

One feeder for handling a large variety of products and a simple means of preventing contamination

Coperion K-Tron's T35/S60 Quick Change Feeder is specially designed for applications requiring the maximum possible material handling and changeover flexibility along with the convenience of easy cleaning capability. It enables a fast exchange of the feeding module which minimizes downtime and eliminates the risk of cross-contamination. The QC-Feeder is available in economical volumetric or high-performance loss-in-weight configurations.

AREAS OF APPLICATION

The Quick Change Feeder is the ideal solution:

- Where frequent and easy cleaning is required
- Where product contamination must be prevented
- Where only one feeder must handle a large variety of products
- Where ingredients must be changed quickly and cleanly

DESIGN FEATURES

The Coperion K-Tron Quick Change Feeder allows switching between a feed bowl with single screw and a feed bowl with twin screws within minutes, enabling one feeding station to handle a huge variety of materials. Furthermore, while the removed feed bowl and screw(s) are being cleaned, the replacement bowl and screw(s) can continue feeding.

Whereas single screw feeding elements are ideal for handling free flowing powders, granules, pellets and other nonflooding materials, they often don't work very well with many of the more difficult-to-handle materials. Twin screw elements employing two self-wiping, closed-flight screws, intermeshed side by side, efficiently transport floodable powders as well as sticky or otherwise hard-to-flow materials to the discharge.

Maximum flexibility for the QC-Feeder is derived from the combination of the available T35 and S60 screw feeder configurations: You can choose from the same selection of scales, hoppers, and screws provided for the T35 and S60 screw feeders.

Feed rates depend on the feeder type and configuration. Read more about the T35 and S60 feeder types on the respective feeder pages:

- Single screw feeders (S60)
- Twin screw feeders (T35)
