Sanitary Design

Reliable technology and sanitary design

Bulk material components for conveying and discharging food ingredients must satisfy very high demands with regard to sanitation and reliability. Coperion is the right partner for all such applications.

With our many years of experience and all-around process know-how, we are able to supply individual and efficient solutions for your production which are operationally safe, reliable, sanitary and easy to clean.

YOUR BENEFITS

- Sanitary product design
- Operational reliability and durability
- Easy to clean: fast, efficient cleaning and inspection due to optimum accessibility
- Certified CIP versions (cleaning in place)

EHEDG AND USDA COMPLIANT AND CERTIFIED VERSIONS AVAILABLE

Coperion is an active member of the European Hygienic Engineering & Design Group. The latest developments and directives are therefore directly incorporated into the development of all components.

The USDA (United States Department of Agriculture) Dairy Grading Branch certifies components on the basis of stringent regulations regarding sanitary and easy-clean design.
